EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- a. In line 6 of the abstract "contruciton" was changed to: --construction--.
 - b. In the next to last line of the paragraph on page 4, lines 2-8 as amended on 10/25/04, --10--, was inserted after "web".
 - c. In the last line of the paragraph on page 4, lines 2-8 as amended on 10/25/04, "10" was deleted after "fabric".
-
2. The following is an examiner's statement of reasons for allowance: Regarding the 112 rejection of claim 13, upon reconsideration, "smaller" is acceptable in this case because it is clear from the claim language that "smaller fabric panels" and "smaller portions of the body fabric panel" in claims 12 and 13 are a comparison to the body fabric panel already recited in the claim. Although changing the recitation in claim 10 from "a series of short, substantially straight seams" to "at least one seam" in claim 10 may broaden the claim in the course of obviating the

112 rejection of "short", the claim is still deemed allowable in combination with the other elements recited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
